I enclose copy of letters No.A.54/44 dated 17th March 1944 and dated 8th April 1944 respectively from the District Agricultural Officer, Mangalore. The first letter contains a report on the work done by the special staff during the 1943-44 season to induce the local sugarcane growers to convert the cane juice into ordinary jagger. In the second letter the District Agricultural Officer has explained the need for continuing propaganda and demonstration work in the 1944-45 season also. In order that the work done during the last two seasons

Pp 5-6 below

may have some permanent effect, I request that Government be pleased to sanction the employment of the special staff proposed by the District Agricultural Officer for the 1944-45 crushing season also. Necessary provision to meet the estimated expenditure of Rs.680/- will be made in the revised estim

Copy of the letter No. R.O.C. A.54/44 dated 17th March 1944. from The District Agricultural Officer Mangalore.

Sir,

Sub:-- Civil Supplies - Jaggery special kind of jaggery produced in Coondappor Taluk - Working of Special Staff-
Ref:-- Your letter No. C.2. 166/44 dated 7-3-1944

I submit the following report on the work done by the Special Staff during the 1943-44 seaso

The area under sugarcane in Coondapoor Taluk for 1942-43 was 1638.00 acres, an increase of 23% over the previous year's figures.

The sugarcane harvest generally starts by about the middle of November and would be in full swing in December-January. However during the year under report the harvest of sugarcane was inordinately delayed owing to the heavy rains in October-November and the harvest commenced about the middle of December, practically a month later than usual.

During the year under report, one fieldman and 6 maistries were sanctioned. The fieldman and 4 maistries joined duty on 1-12- and two more maistries reported themselves for duty on 5th and 6th December-1943.

Owing to the late harvest of cane for the reasons stated above two maistries were permitted to continue to work for a month more during the whole of February.

The work of making of solid jaggery was started at the fag end of the previous year. The work was continued on the same lines during the current year. Propaganda for the preparation of solid jaggery was started early in the season.

The villages visited by the special staff and the number of demonstrations held, quantity of solid jaggery prepared by them are given in the following statement.

No. of villages visited.	No. of demonstrations done.	Quantity of solid jaggery made	Area covered where solid jaggery is expected to be done as a result of demonstrations at 10 candies per acre.	No. of Sind furnace constructed
205	583	1752 mds.	30.29	33

Note:-- The total number of villages in Coondapoor is 103. Some of the villages have been visited more than once and some villages have been visited by more than one maistry.

Copy of letter No.166-44 dated 8-4-44 from the District Agricultural Officer, Mangalore.

Sub: Civil Supplies - Jaggery - Special kind of jaggery produced in Coondapoor taluk.
Ref: Your No. ~~A.54-44 dated 17-3-44.~~ C.2.166-44 dated 27.3.44.

The Special staff appointed for making solid jaggery during the last two seasons in Coondapoor taluk has greatly encouraged the sugarcane cultivators to go in for solid jaggery. During the first year the operations were begun rather late with the result much progress was not achieved. During the last season however propaganda was started earlier but owing to the unusually heavy rains in October - November cane crushing was delayed and the actual period of demonstration was therefore curtailed. Added to this the dearth for cattle which died in large numbers due to the prevalence of rinder pest and the non-availability of enough of crushers required for milling ~~mafuky~~ retarded the work of the special staff with the result the work suffered ~~and the work suffered~~ and it cannot be safely asserted that the solid jaggery making will go on without

further propaganda. I am therefore of opinion that further propaganda during one more year 1944-45 is essential for which the following estimate is now submitted.

One fieldman on Rs.30/- per month for 2 months.	60--0--0
6 maistries at Rs.19/- per month per maistry for 2 months.	228--0--0
Dearness allowance for the above at Rs.10/- each for 2 months.	140--0--0
Travelling allowance for the maistries not exceeding Rs.15/- per month for 2 months	180--0--0
do. for fieldman not exceeding Rs.20/- per month.	40-0--0
Contingencies	32--0--0
	680--0--0

Debitable to 40(a) Agriculture, Agricultural Demonstration and Propaganda I Ordinary areas
1. Pay and allowances.

In G.O. No. 2306 Dev dt 18.9.43 the Govt. sanctioned a special staff of one fieldman and six maistries for a period of 2 months for doing propaganda and giving demonstrations among the jaggery producers of Coondapur, Udipi and Karka taluks of the S. Kanara dt. to induce them to convert cane juice into ordinary jaggery. Two of the six maistries referred to above were retained for a further period of 1 month owing to the late harvest of Sugar Cane in South Kanara last year ~~due to heavy rains and consequent the spl staff could not complete their work~~

M2-1 No 8647 C/44-23 2 44
MN 9-10 f/(M).

In his letter on pp 3-4 f, the D. A recommends that, for the reasons explained by the D. A. O. Mangalore in his letters copied on pp 5-6 f, the employment of the special staff of one fieldman and six maistries proposed as in 1943-44 for a period of 2 months may be sanctioned for the 1944-45 crushing season. The Bd. of Rev (CS) also recommends the proposal.
